Dated Hassan 20th July 1887

From

P. N. Purnaiya Esquire B. A
Deputy Commissioner

To

The Chief Secretary to the
Dewan of Mysore

Sir

Referring to your Docket No.
521 Dated 17th May 1887, requesting
to be informed in detail of the
Establishment proposed for Arsi
-kere Chatram, and also enquiring
if I would make it a free feeding
institution, like Aliar Anna
Chatrams, I beg to submit that
a really good Chatram is very
necessary in Arsikere. The impor
tance of the place is well known
to the Dewan and I therefore
will not take up any time in
reiterating it I wish however
to point out that it is 16¾ miles
from Tiptur, and 24 miles from
Kadur. To travellers from Kadur
to Tiptur Arsikere will be too
far away and it will be a difficulty

to abolition. There has been a proposal to sanction Establishment charges from Local Funds vide para 4 of Proceedings submitted with this office No. 69 Dated 6th May 1887 I would submit this proposal for favorable consideration. The money shown in the statement as possible to set apart for Orphans from curtailment of Taadits of Gundaie and Biole Chatrams, may in the alternative of this Local Fund paying for the Establishment be solely appropriated for feeding purposes I append a scale of establishment which in my opinion would suffice to be maintained in all these Chatrams.

In short I beg to submit that:-

(1) No good feeding free House Chatram is necessary at Orphans.

(2) It should be established without interfering with the Annadan House Chatram

(3) This is possible from

curtailment of allowances as shown in proposition statement submitted.

(4) Such curtailments would not seriously affect any existing Electrics.

Considering the importance of the place a fresh grant from Provincial Mazroyd sources ~ ought be made. If not from those at least such a charge might be made against the Local Funds. Should either course be not feasible it will yet be possible by an adjustment of grants with this District to establish & maintain this new Steam ~ Electric.

I beg to observe that Meeting in Bombay was suspended temporarily to meet cost of repairs found necessary After the required amount was raised for repairs the Meeting was indefinitely postponed in pursuance of Decree ~

Peace

Proceedings No. 2639 Dated 11th
138.
July 1882. I have ordered
that effect accordingly & there
is no reason that the Bannow
Cleathaun should be singled out
& treated exceptionally.
As its suspension is at present
a great hardship to travellers
I beg that early orders may
be issued for commencing &
pushing at once the Bannow
Cleathaun and for the contin-
uance of a new Town
Cleathaun at Arklow.
I leave the Lieut to be
done.

Sir,

According to Government Proceedings No: 576-6 / 133-92 Dated 30 November 1893, returning the revised Estimate amounting to Rs 1896 for repairing the Anna Chattram, at Banawar unsanctioned on the ground that the Government doubt the necessity of having a feeding Chattram at all at that Station after the introduction of the Railway &c. I have the honor to state that the question of having a feeding Chattram at Banawar was once previously

2.1

and decided upon by Government in their Proceedings No. 7057—8/233 dated 1st November 1888. I therefore urge the Government to be good enough to sanction the repair of the Chabram independent of feeding, as in the Town there is no other place for shelter of travellers &c. that the Railway Station is two miles away and those that come into the Town are local travellers by foot or cart.

2 -- There is also money at the credit of the Chabram for repairing the same.

In the second of the papers read above, the Deputy Commr. strongly recommends the re-Construction of the Chattram independent of the question of feeding to be conducted there, as in the town of Banawar, there is no place other than this building to afford shelter to the travellers and that the Railway station being at a distance of two miles from the town the foot travellers are put to much inconvenience for want of proper accommodation

In returning the ~~Enclosures~~ papers ~~lists~~ received with the above, has the honor to draw the Dy. Comm^r's reference to the following

following discrepancies observed ~~in~~ in the Measurement Bills.

(1) The balance reserved after making payments of Rs 196-7-0 and Rs 201-4-5 towards the first and the second bills respectively was Rs 40; whereas, under the Head "Arrears ~ Brought forward" in the third bill a sum of Rs 40-1-0 has been entered and this error of one anna excess has been Continued throughout in subsequent calculations.

(2) In the 3rd measurement list, the cost of work done under the Head "Previous Measurements" is entered to be Rs 436-8-5; whereas, the actual cost ~ according to the

previous bills is Rs. 437-11-5; and this error of Re 1-3-9 has against been kept up in all subsequent calculations.

(3). In para 2 of the docket it is stated that towards the total amount of Rs 855-11-9 on account of the first four bills, Rs 720-12-5 has been paid and the balance (Rs 134-15-4) withheld as reserve; but calculating the actual payments as entered in each bill, the total payment comes up to Rs 817-8-1, leaving a balance of only Rs 38-3-8, and the figure entered in the fifth bill under the Head "Arrears Brought Forward" is Rs 38-4-8, the

It is not understood how the figure Rs 214-3-6 has been arrived at. actual value of work done has the honor to state that the Asstdar reports that the work of Covering the floor of the inner yard of the buildin with stone slabs not provided in the estimates has been carried out in anticipation of sanction as it was very necessary and hence the value of work done exceeds the sanc -tioned amounts by Rs 84-15-4 and I request that the same may be ap -proved and the Completion bill Countersigned and forwarded to the Comptroller for adjustment of the advances noted on the bill. —

2 — The payments made to the Contractor from time to time — amounted to Rs 2447-4-7. Thus — Rs 81-5-3 was over paid. And of this a sum of Rs 80.1 11 has been recovered and credited to the Treasury on 31st July 1899 as may be seen from the Treasury

Treasury Certificate attached to the bill. The Auildar has been ordered to recover the balance, viz, Rs 1. 3. 4 and Credit the same to the Treasury at once.

3 —— Further, the Auildar brings to notice the necessity of fitting the angles of the roof with Corrugated zinc sheets to prevent the leakage of water during the rainy season and submits for sanction an Estimate for Rs 86. 2. 8. Requests that this Estimate may also kindly be sanctioned, the amount being met from the sum of Rs 2346—2—2 available at the credit of the Institution as shewn in the Treasury Certificate endorsed on the Estimate.—
